

Work with UKHarvest

Cooking for a Cause £800 for the day

With your team of up to 10 people, you'll start with a warm welcome at our headquarters, including refreshments where you'll get stuck into some preparing, cooking and repacking rescued food, ready for redistribution. You'll receive a guided tour of our warehouse to see how we rescue, and store surplus rescued food.

You'll enjoy lunch together before the afternoon continues with a visit to our Community Food Hubs to give out the food you've just made. By the end of the day, you'll leave inspired, knowing you've helped fight food waste and supported those in need.

Volunteer Day @ The Warehouse £150 for the day

Would you like to give something back to the community? We're here to help you help people get access to food, food education and sign posting support. Volunteering with your team of up to 10 people at UKHarvest means that you will:

- Connect our surplus food with our community
- Get a real life experience of how much food is donated to UKHarvest
- Meet the team and enjoy an informative and interactive presentation about our wider projects, the growing problem of food waste across the system and growing food insecurity.
- Make an impactful difference to the people in our community that are struggling.
